CAREER OBJECTIVE

Aspiring software developer with solid programming knowledge and hands-on project experience, seeking to build scalable and efficient solutions.

TECHNICAL SKILLS

Languages: HTML, CSS, JavaScript (Basic), Java , Python (Basic)

Databases: DBMS with MySQL

IDE & Tools: Visual Studio, VS Code

Other Tools: Cybersecurity, AWS, Microsoft Excel (Basic)

EDUCATION

- X (KSEAB) |Morarji Desai Residential School ,Devarayasamudra
  80.64% | 2020

- Computer Science Branch | Government polytechnic College ,Chintamani
  85.25% | 2023

- Computer Science Branch | Government Engineering College, Gangavathi
  CGPA: 8.46 cgpa | Jan 2026

WORK EXPERIENCE

- **I-Triangle Infotech– Tracking device Tester (Internship)** **May-Nov 2023**
  - Validate core GPS functions (e.g., real-time location, speed, direction).
  - Test GSM/GPRS/SMS/4G communication between the device and server.
  - Test sleep/wake cycles, power-saving modes, and charging behavior.
  - Test the device with mobile apps and cloud platforms (e.g., GPS tracking dashboards).

ACADEMIC PROJECTS

Cataract Detection using YOLOv8

- Developed an AI model using YOLOv8 to detect cataracts from eye images.
- Improved detection accuracy through preprocessing and model evaluation.
- Trained the model on labeled medical image datasets for reliable prediction.

Technologies: Python, YOLOv8, OpenCV

Tongue Dysplasia Detection

- Developed a machine learning model to detect tongue dysplasia from medical images.
- Performed data preprocessing and implemented classification techniques to identify abnormal tissue patterns.
- Aimed to support early-stage medical diagnosis using AI-based analysis.

Technologies: Python, Machine Learning, Image Processing

College Administration Management System

- Developed a Java-based system to manage student records with role-based access control.
- Implemented modules for admissions, timetable, and examination management using database integration.

Technologies: Php, MySQL,

PROFESSIONAL SKILLS

- Communication Skills , Problem-Solving , Adaptability , Analytical Thinking

ADDITIONAL INFORMATION

- **Languages**
  English, Kannada, Telugu, Hindi

- **Certifications**
  - Microsoft certified English and Communication Skills for workplace.
  - Cambridge International Qualifications : Basics of excel spreadsheet & Introduction to HTML.
  - Simplilearn|skillUP: Introduction to HTML , CSS , JavaScript.
  - Simplilearn|skillUP: Introduction to SQL.
  - Simplilearn|skillUP: Introduction to cyber security & AWS
  - Infosys Springboard : Introduction to cyber security.
  - GeeksforGeeks: Python course , Java course.
